

I am served by K-love as a bus driver and by playing K-Love on my radio my passengers are much calmer than the other drivers tell me of their experience with the same passengers.

I believe that replacing K-love radio with your low power FM(LPFM) station would have an adverse effect on My community because of crime and teenagers getting in trouble because we have enough things to upset people and not enough to calm them.

I believe that the service that K-love provides is in the public interest because it brings a peace and quietness in a time that we have so many problems in America.
